

Hello Everyone!

At this time, we will continue our zoom dance and kinder classes through the end of June finishing up our 2019-20 season. We certainly hope to see everyone in the fall, but we will not be offering summer dance or kinder classes to this age group. We are doing a soft reopening in June starting with our older girls to put our protocols into action and to be sure we have everything as safe as possible for our returning students. Please fill out the fall registration form to help us organize for the new season but we all realize the future is so unpredictable. Next season we will be offering zoom classes at the same time as our in-house classes for those that may not feel comfortable returning to the studio when classes resume.

We are planning a mini recital in honor of our seniors on August 11th at the Boardman Park open theater. This is depending on their official opening. We felt there was not enough interest for the younger age groups to participate and we certainly understand.

For gymnastics, we are starting out with our competitive team classes for the first two weeks of June. Mid-June we will have a recreational gymnastics class and a cheernastics class if there are enough interested students. If you are interested in recreational gymnastics, cheernastics, or an evaluation for competitive team, please email the studio at officekdgc@gmail.com.

We have attached our present protocol so you can see the efforts being made at this time and we will be in contact as the situation changes daily.

Also attached is the new waiver form for summer and the 2020-21 season and a fall registration form.

Please stay safe, healthy, and caring during these summer months. The entire staff misses your children so much and we send heart felt air hugs and kisses to all.

Thanks for all your patience and understanding,

Kathi
